Convenient airtight storage

The SEED VAULT Plus is built to keep wild bird seed free from pests, critters and excessive moisture. The space efficient design features no sharp angles or corners, thereby reducing the temptation to chew from critters.

The SEED VAULT Plus features a patented easy opening/locking lid to guarantee freshness and reduce bug infestations. Several sizes and shapes are available. Also includes a free shatterproof measuring scoop! Keep your seed bug and moisture free with the SEED VAULT Plus.

Blends with your environment
